The Matrix of Radiant Love *Shifting Consciousness - New Relationships*

At the beginning of 2014, the energies of the High Heart flooded our planet and as a result our souls have been able to access a whole new level of consciousness. My own personal experience of this happened in Hawaii in December 2013 when I began to see whole new layers of energies in the soul vibrations as well as in the Cities of Light. I proceeded to draw these amazing new energies and was even able to update older versions of them. These personal transformations led to the Matrix of Radiant Love, which was evolving from the energies of the High Heart, dawning in my consciousness. The inspiration from the Elohim was that in many ways this Matrix seems to be creating a new prototype of social awareness, and to access the matrix one would have to re-create the layering of consciousness from which it was birthed.

I am so excited to share this wondrous experience. The layering of consciousness of which I speak is five-fold:

1. Arcturian Initiation to know cosmic power of divine love
2. Solar Initiation to know solar power of divine love
3. Egyptian Initiation to know planetary power of divine love
4. Atlantean Initiation to know national power of divine love
5. Lemurian Initiation to know personal power of divine love

These five initiations lead us from the dysfunctionality of third dimensional relationships to the functionality of fifth dimensional relationships. Fifth dimensional relationships are crucial at this time as they focus on the sustainability of relationships. They create freedom and joy as well as establish the interconnectivity of all things and beings. By deepening soul intimacy, fifth dimensional relationships generate sensual creativity. Support and Success become fully internalised instead of focusing on external goals that can only manifest when internal realities have been birthed. The experience of the High Heart leads to the layering of consciousness where unconditional love creates life enhancing and affirming experiences, rather than loss and isolation (such as in third dimensional experiences). Systems in third dimensional reality such as society, relationships, businesses and governments need a set group of responses in order for it to maintain itself. In fifth dimensional relationships the process of quantum energetics allows such systems to exist through the alignment with Divine Order, Divine Timing, the fulfillment of all personal aspirations and needs, and so forth.

These five levels of initiations embed in the consciousness of the individual the various aspects of the soul alignment so that these fifth dimensional relationships can manifest. The initiations are inspired as well to awaken soul memories and soul awareness. The process itself is beautiful, moving, and easy to maintain if focus and dedication to one's purpose in this incarnation

is present. The result for each individual will be greater peace, joy, freedom, creativity, abundance and health. The level of these gifts will depend entirely on the committed investment of energy on the part of the participant. Jhadten models in many ways how to playfully embody this new energy and presents his work with joy, humor, ease and in very open and accepting ways. We look forward to sharing this event with you all. Namaste.
