## Jhadten Jewall

Over the last 20 years, I have combined my training in crystal healing, shamanism, vibrational healing, and sound healing with my ability to channel and work vibrationally with groups, to activate the structures of the future within.

During my workshops I guide you to access the still part of your consciousness that is one with your soul energy. The meditations are designed to improve your health, uplift your heart and delight your mind; to mirror to you the pure Essence of your Being.

I have travelled the world delivering these workshops, and it is my joy to guide people to a profound experience of the incredible gift that they are, as an embodied soul here on Earth.

I perceive energy intuitively and have learned to draw close approximations of what I see. The image on the title page represents the energies of this workshop, and the image below reveals the Energies of 2022.

# The New Divine Rays

## New Pathways of Spiritual Growth

On the Summer Solstice 2022 a culmination of energies occurred, that made us aware that whole new Divine Rays were being accessed by our souls. After Covid, as people resume their lives, we become aware that things have shifted dramatically and the new reality has very little similarity to the old one. There are some very subtle and some very dramatic changes. All of these are due to these new frequencies we are now exploring

Just as we have relied upon the 7 chakra system up till Harmonic Convergence, now we are being asked to connect more clearly to the Earth realms and various layers of body awareness, in order to embody higher frequencies of the soul in a way that will allow these higher frequencies to work through us on a daily basis and transform our reality. Crystals have helped us to do this. In this year we are guided to work with crystals that have a particular shape, geometry, color and quality in order to embody these higher frequencies of our souls....these crystals are usually not known to us or at least not commonly known: i.e. uranospinite, penfieldite, erythrite, proustite, anglesite, osumilite etc. Yet it is these very unique and rare stones that help us to connect to these new higher frequencies of our souls. So as we connect to higher healing qualities we may want to connect to brochanite instead of aventurine or jade. Traditionally

known minerals are still valid but we find greater resonance with these newer unfamiliar stones.

This also guides us to new spiritual pathways and growth experiences. In this workshop we will endeavor to connect with these new minerals and discover the growth opportunities and new spiritual paths they may guide us on. An Adventure for Mind, Soul, Body and Heart! Enjoy! Namaste!

In this workshop we will be activating the City of Light Sevenum, for it is here that the energy of the new Divine Rays is being held for all the Netherlands. We will use meditation, initiation and sounding to experience the new energies and embody them completely in fun and playful ways.

Namaste!
